GOLDEN GATE UNIVERSITY

Dear Friend:

The 2003-2004 legislative session was highly active in the array of issues assigned to the Assembly Natural Resources Committee. From important water, air quality and coastal protection to environmental justice and land conservation legislation, committee members tackled complex issues in order to maintain California as the nation's leader in environmental protection.

The Committee passed major legislation to improve the state's fire protection and to enhance the state's electronic waste program and fund land acquisitions to protect and provide access to coastal resources. Additionally, the Committee helped create the state's new ocean policy council, while ensuring that environmental review laws maintained their integrity, allowing for predictable, informed decision making regarding growth in California. The Committee also played a key role in promoting renewable energy sources throughout the state.

Should you have any questions regarding the summary, or about specific bills, please contact the Natural Resources Committee at (916) 319-2092.

Sincerely,

A handwritten signature in black ink that reads "Hannah-Beth Jackson". The signature is fluid and cursive, with a long horizontal line extending from the end.

HANNAH-BETH JACKSON, Chair
Assembly Natural Resources Committee

◆ APPENDIX VI - LEGISLATION VETOED BY GOVERNOR.....	58

**ASSEMBLY COMMITTEE ON NATURAL RESOURCES
LEGISLATIVE SUMMARY
2003 – 2004 LEGISLATIVE SESSION**

~ AGRICULTURAL LAND AND OPEN SPACE ~

AB 105 (Wiggins) -- Agriculture land preservation: appropriation.

Repeals the California Environmental Quality Improvement Revolving Loan Program and the Coastal Farmland Preservation Program, authorizes grants for water system improvements at specified schools, and makes technical changes to provisions of the Water Code.

(Status: Chaptered by the Secretary of State – Chapter 497, Statutes of 2004)

AB 627 (Aghazarian) - Agricultural land production.

Would have required that an annual report summarizing expenditures from the California Clean Water, Safe Neighborhood Parks, and Coastal Protection Bond Act of 2002 (Proposition 40) contain specific items of information.

(Status: Vetoed by the Governor, September 6, 2003)

AB 1492 (Laird) - Agricultural land conservation.

Creates a new procedure for farmland subject to Williamson Act contracts for identifying contract breaches, provides an alternative procedure for removing land from contract restrictions, establishes a procedure for a landowner to obtain a determination that a proposed building would not be a breach, and extends the sunset on lot-line adjustments from January 1, 2004, to January 1, 2009, for land subject to a contract.

(Status: Chaptered by the Secretary of State – Chapter 694, Statutes of 2003)

~ AIR QUALITY ~

AB 151 (Vargas) - Air pollution: importation of electrical energy: mitigation fee.

Would have imposed an import fee of one mill (\$0.001) per kilowatt hour on electricity from a specified power plant in Mexico to fund air pollution control in adjacent California air quality districts.

(Status: Failed passage in the Senate Energy, Utilities and Communications Committee)

AB 720 (Matthews) - Air pollution: clean burning fireplaces, heaters, stoves.

Prohibits any air quality district from adopting a rule or regulation that restricts or prohibits the installation of a clean-burning solid fuel appliance, a natural gas appliance, and a wood-burning fireplace in certain circumstances.

(Status: Failed passage in the Assembly Natural Resources Committee)

AB 788 (Chavez) - Air pollution: consumer products.

Would have extended, until January 1, 2005, a prohibition against the State Air Resources Board from adopting regulations pertaining to disinfectants.

(Status: Held in the Senate Environmental Quality Committee)

AB 1090 (Longville) - South Coast Air Quality Management District: membership.

Exempts, until January 1, 2006, the appointee to the South Coast Air Quality Management District from San Bernardino County from the requirement that members of the district's governing board reside within the district.

(Status: Chaptered by the Secretary of State - Chapter 686, Statutes of 2003)

AB 2585 (Parra) - San Joaquin Valley Air Pollution Control District: Joint Strike Fighter Impact Zone.

Establishes a process for calculating the increase in state taxes collected in Kings County attributable to the future, potential deployment of the F-35 Joint Strike Fighter program at Lemoore Naval Air Station, declares Legislative intent to consider providing state funding for programs to mitigate air pollution emissions resulting from that deployment, and authorizes the San Joaquin Valley Unified Air Pollution District to develop an air contaminants mitigation program.

(Status: Chaptered by Secretary of State - Chapter 885, Statutes of 2004)

SB 288 (Sher) - Air quality: New Source Review Restoration Act of 2003.

Prohibits an air district from amending or revising its new source review rules or regulations to be less stringent than those that existed on December 30, 2002.

(Status: Chaptered by Secretary of State - Chapter 476, Statutes of 2003)

SB 403 (Florez) - California Clean Air Bond Act.

Submits to the voters, at an unspecified election, the California Clean Air Bond Act, a \$5,150,000,000 general obligation bond measure to provide financing for a variety of projects and programs to reduce air pollution, prevent respiratory illnesses, improve certain agricultural practices, and conserve agricultural land.

(Status: Died in Assembly Rules Committee)

SB 656 (Sher) - Air quality: particulate matter.

Requires the Air Resources Board to identify measures to reduce particulate matter (PM 10 and PM 2.5) emissions in specific emission source categories and, together with local air districts, to identify measures to reduce PM 10 and PM 2.5 emission from diesel powered engines used in stationary and mobile source applications.

(Status: Chaptered by Secretary of State - Chapter 738, Statutes of 2003)

SB 700 (Florez) - Air quality: emissions: stationary sources: agricultural operations.

Requires, by January 1, 2006, each Air Quality Management District or Air Pollution Control District, which is designated as a "serious" federal non-attainment area for various types of particulate matter to adopt and implement best available control measures for agricultural sources of air pollution. Requires the California Pollution Control Financing Authority to expand the Capital Access Loan Program for Small Businesses to include outreach to financial institutions that service agricultural interests in the state for the purposes of funding air pollution control measures.

(Status: Chaptered by Secretary of State - Chapter 479, Statutes of 2003)

SB 704 (Florez) - Air quality: agricultural burning.

This bill provides additional funds for the California Energy Commission to provide incentives for biomass-to-energy facilities that offset qualified agricultural burning in California.

(Status: Chaptered by Secretary of State - Chapter 480, Statutes of 2003)

SB 705 (Florez) - Air quality: agricultural burning: San Joaquin Valley Unified Air Pollution Control District.

Provides for the phase out of agricultural waste burning within the San Joaquin Valley Unified Air Pollution Control District.

(Status: Chaptered by Secretary of State - Chapter 481, Statutes of 2003)

SB 709 (Florez) - San Joaquin Valley Unified Air Pollution Control District: district board.

Authorizes the San Joaquin Valley Unified Air Pollution Control District (Air District) board to adopt regulations requiring the use of best available control technology for new and modified sources of pollution, promote the use of cleaner burning alternative fuels, and encourage and facilitate ride sharing commuters. Authorizes the Air District to impose a \$1 fee on the initial registration or renewal of registration of motor vehicles in the district to be used to reduce air pollution from motor vehicles in the district.

(Status: Chaptered by Secretary of State - Chapter 483, Statutes of 2003)

SB 999 (Machado) - San Joaquin Valley Unified Air Pollution Control District.

This bill adds four additional members to the San Joaquin Valley Unified Air Pollution Control District (air district) who would be appointed by the Governor (2), the Speaker of the Assembly (1), and the Senate Committee on Rules (1).

(Status: Died in Assembly Appropriations Committee)

SB 1856 (Bowen) - Prescribed burning activities.

Creates a uniform definition of "prescribed burning" in the Health and Safety Code and the Public Resources Code.

(Status: Chaptered by Secretary of State - Chapter 693, Statutes of 2004)

~ CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) ~

AB 406 (Jackson) - Environmental quality.

Would have prohibited the enforcement of a confidentiality agreement that prevents disclosure of information and data on projects being reviewed pursuant to the California Environmental Quality Act.

(Status: Held in the Senate Environmental Quality Committee)

AB 594 (Leno) - California Environmental Quality Act: creation of bicycle lanes.

As it passed the Assembly, this bill would have exempted from review under the California Environmental Quality Act a project that consists solely of restriping an existing paved right-of-way for bicycle lanes. As subsequently amended, this bill establishes a net metering program between the Pacific Gas and Electric Co. and the City and County of San Francisco through Hetch Hetchy Water and Power photovoltaic generation facilities.

(Status: Chaptered by the Secretary of State – Chapter 790, Statutes of 2004)

AB 677 (Firebaugh) - Environmental quality: notices.

Requires a local agency or private entity seeking project approval, when the local agency determines that a project is exempt from the California Environmental Quality Act because it is agricultural or low-income housing or urban in-fill and when the agency approves or determines to carry out that project, to file notice of determination with the Office of Planning and Research, and that the notice be posted and available for public inspection.

(Status: Chaptered by Secretary of State - Chapter 837, Statutes of 2003)

AB 1545 (Simitian) - Environmental quality: public comments.

Requires lead agencies under the California Environmental Quality Act to accept comments sent by e-mail as equivalent to written comments, requires that laws and regulations relating to written comments also apply to e-mailed comments, and authorizes e-mail notices under the California Environmental Quality Act.

(Status: Chaptered by Secretary of State - Chapter 695, Statutes of 2003)

AB 2814 (Simitian) - Natural resources: California Environmental Quality Act.

Clarifies the California Environmental Quality Act (CEQA) by specifying that the failure to name potential parties to CEQA litigation, other than a real party in interest (that is, a person who received an approval under CEQA), is not grounds for dismissing the action.

(Status: Chaptered by the Secretary of State – Chapter 522, Statutes of 2004)

AB 2902 (Hancock) - California Environmental Quality Act: project approvals.

Would have established procedures for sharing the costs of mitigating a project subject to the California Environmental Quality Act among public agencies affected by the project.

(Status: Held in the Senate Environmental Quality Committee)

AB 2922 (Laird) - Environmental quality: mitigation measures.

Corrects a statutory cross-reference in the California Environmental Quality Act and allows a mitigated negative declaration to be used in lieu of a supplemental environmental impact report (EIR) for a supplemental project included in a master EIR in certain instances.

(Status: Chaptered by the Secretary of State – Chapter 684, Statutes 2004)

AB 3090 (Jerome Horton) - California Environmental Quality Act: ballot initiatives.

Would have required the Office of Planning and Research to revise its guidelines under the California Environmental Quality Act to reflect the California Supreme Court's decision in *Friends of Sierra Madre v. City of Sierra Madre*.

(Status: Vetoed by Governor, September 21, 2004)

SB 18 (Burton) - Native American sacred sites.

Creates a procedure in the California Environmental Quality Act (CEQA) for the Native American Heritage Commission (NAHC), in consultation with Native American tribes and other interested parties, to determine whether a proposed project may adversely change a traditional tribal cultural site and to recommend project changes and mitigation measures to avoid or reduce those changes. Revises the duties and composition of NAHC, creates procedures for NAHC and Native American tribes to participate in local land use planning, and allows Native American tribes to take title to conservation easements.

(Status: Chaptered by Secretary of State - Chapter 905, Statutes of 2004)

SB 647 (Sher) - Environmental quality: notice of determination.

Specifies the period the Office of Planning and Research and local agencies are required to retain records relating to California Environmental Quality Act and restores definitions for "reuse plan" and "military base" that were inadvertently deleted on January 1, 2001, by a sunset provision.

(Status: Chaptered by Secretary of State - Chapter 525, Statutes of 2004)

SB 711 (Kuehl) - Environmental quality.

Makes the conversion of oak woodlands, as well as the conversion of timberlands in general, subject to mitigation under the California Environmental Quality Act, provides for monetary contributions for the acquisition of conservation easements as mitigation for timberland and oak woodland conversions, and creates a permit program for oak woodland conversions.

(Status: Held in Assembly Appropriations Suspense File)

SB 945 (Sher) - Environmental quality: guidelines.

Consolidates, and repeals obsolete, provisions of the California Environmental Quality Act (CEQA) relating to CEQA guidelines; updates terminology in CEQA regarding hazardous substances; corrects cross-references; and makes other technical amendments.

(Status: Chaptered by the Secretary of State - Chapter 689, Statutes of 2004)

SB 1350 (Morrow) - California Environmental Quality Act: guidelines: steam sterilization.

Repeals a provision of the California Environmental Quality Act (CEQA) relating to a categorical exemption in the CEQA guidelines for treatment of medical waste by steam sterilization.

(Status: Chaptered by Secretary of State - Chapter 63, Statutes of 2004)

SB 1889 (Environmental Quality Committee) - Environmental protection: actions against a public agency.

Conforms provisions of the California Environmental Quality Act (CEQA) to the CEQA Guidelines relating to lead agency consultation with trustee agencies and uses consistent terminology regarding trustee agencies and extends the sunset on provisions specifically relating to residential in-fill projects in Oakland.

(Status: Chaptered by Secretary of State - Chapter 744, Statutes of 2004)

~ COASTAL ISSUES ~

AB 1xx (Jackson) - California Coastal Commission: membership.

Requires that members of the California Coastal Commission appointed the Legislature serve fixed four-year terms. Specifically and narrowly addresses a state appellate court decision (*Marine Forests Society v. California Coastal Commission*) that questioned the constitutionality of the membership of the Legislative appointees to the commission serving "at will" terms.

(Status: Chaptered by the Secretary of State – Chapter 1, Statutes of 2003-04, Second Extraordinary Session)

AB 740 (Pavley) - Clean Air, Clean Water, and Coastal Protection Act of 2004.

Would have authorized, subject to voter approval at an unspecified future statewide election, a \$2.9 billion general obligation bond measure to finance a variety of projects related to clean air, clean water, and coastal protection.

(Status: Held in the Assembly Appropriations Committee)

AB 800 (Kehoe) - California Coastal Commission.

Conforms the California Coastal Act of 1976 to existing law by deleting from the membership of the California Coastal Commission the reference to the Secretary of Trade and Commerce Agency, which position has been abolished, and deletes other obsolete provisions. As passed by the Assembly, this bill related to consumer credit reporting.

(Status: Chaptered by the Secretary of State - Chapter 746, Statutes of 2003)

AB 859 (Nakano) – Ballona Wetlands.

As passed by the Assembly, this bill would have required the California Coastal Conservancy to develop an implementation plan that guides the development, funding, and operation of a network of regional, science-based ocean observing systems for use throughout the state. It was subsequently amended to delete those provisions and instead reappropriate \$25,000,000 from a previous appropriation for the acquisition, protection, and restoration of the Ballona Wetlands in Los Angeles County.

(Status: Chaptered by Secretary of State - Chapter 761, Statutes of 2003)

AB 947 (Jackson) – Coastal erosion.

Would have established general principals of coastal erosion planning and response to be used by state agencies in planning, constructing, or authorizing coastal protection and erosion control projects.

(Status: Returned to the Chief Clerk pursuant to Joint Rule 56.)

AB 1212 (Pavley) - Coastal development permits: restrictions.

Requires onsite monitoring and supervision, according to a specific plan, during the implementation of a coastal development permit for sand replenishment.

(Status: Chaptered by Secretary of State - Chapter 285, Statutes of 2003)

AB 1876 (Chan) - Public beach sanitation.

Requires microbiological contamination monitoring at heavily used public beaches and recreational shore areas in the San Francisco Bay area.

(Status: Chaptered by the Secretary of State – Chapter 709, Statutes of 2004)

AB 2514 (Natural Resources Committee (Jackson, Chair)) - Natural resources:

California Environmental License Plate Funds.

Increases from \$25 to \$30 the annual renewal fee for environmental (personalized) license plates and includes the California Ocean Protection Act program in the authorized uses of revenue from environmental license plates. Gives the Department of Motor Vehicles a wider range of options for disseminating information about the program to the public.

(Status: Chaptered by the Secretary of State – Chapter 540, Statutes of 2004)

AB 2725 (Laird) - California Coastal Commission: ex-parte communications.

Prohibits *ex parte* communications between a member of the California Coastal Commission and an interested party, as defined, relating to a cease and desist order or a restoration order and requires the disclosure of an *ex parte* communication concerning litigation to which the Commission is a party.

(Status: Died on the Senate Inactive File)

AB 3039 (Environmental Safety & Toxic Materials Committee) - California Coastal Act.

Would have required the Secretary of the Resources Agency and the Secretary of the California Environmental Protection Agency to report to the Legislature on suggested structural and budgetary changes needed for a coordinated coastal and marine program, with special reference to the Pew Oceans Commission report.

(Status: Held under submission in the Senate Appropriations Committee)

SB 445 (Kuehl) - Coastal access: State Coastal Conservancy.

Clarifies that the Coastal Conservancy is required to accept outstanding offers to dedicate a public accessway within 90 days of its expiration date and, to the extent funds are available, open at least three accessways each year.

(Status: Chaptered by Secretary of State - Chapter 337, Statutes of 2003)

SB 1318 (Burton) - Water Security, Clean Drinking Water, Coastal and Beach Protection Act of 2002.

Would submit a legislative measure to the voters to amend Proposition 50 to allow up to \$30,000,000 in bond proceeds previously allocated to the State Coastal Conservancy and the Wildlife Conservation Board to be reallocated for projects to protect coastal waters and ocean ecosystems.

(Status: Died in Assembly Appropriations Committee)

SB 1319 (Burton) - Natural resources: ocean protection.

Enacts the California Ocean Protection Act, creates the Ocean Protection Council, and authorizes the Council to carry out various programs relating to the protection of coastal waters and ocean ecosystems.

(Status: Chaptered by Secretary of State - Chapter 719, Statutes of 2004)

~ CONSERVANCIES ~

AB 142 (Kehoe) -- San Diego River Conservancy: real property.

Requires the San Diego River Conservancy to acquire property pursuant to the Property Acquisition Law.

(Status: Chaptered by the Secretary of State - Chapter 92, Statutes of 2003)

AB 204 (Nation) - State Coastal Conservancy: motor vehicles: environmental impacts: mitigation.

Would have authorized a fee of up to \$6 on each vehicle registration in the nine Bay Area counties, if approved by a majority of the board of supervisors in those counties. The revenue would have been available to the State Coastal Conservancy and the State Water Resources Control Board for projects and grants that prevent, reduce, remediate, or mitigate the adverse environmental impacts of motor vehicles and motor vehicle facilities.

(Status: Failed passage in the Senate Transportation Committee)

AB 496 (Correa) - Santa Ana River Conservancy.

Would have established the Santa Ana River Conservancy to acquire and protect land, water, and other resources for conservation, recreation, and other purposes within portions of the Santa Ana River watershed.

(Status: Failed passage in the Senate Natural Resources and Wildlife Committee)

AB 847 (Pavley) - Natural Resources: State Coastal Conservancy.

Broadens the spectrum of projects eligible for state funding under the State Coastal Conservancy's watershed restoration program.

(Status: Chaptered by Secretary of State - Chapter 492, Statutes of 2003)

AB 895 (Steinberg) - Lower American River-Sacramento River Conservancy.

As passed by the Assembly Natural Resources Committee, this bill would have created the Lower American River-Sacramento River Conservancy, to acquire and manage lands along the Lower American River and along part of the Sacramento River for recreation and conservation purposes. It was subsequently amended to substitute provisions relating to the California Exposition and State Fair and district agricultural associations.

(Status: Died on the Assembly Inactive File)

AB 1788 (Leslie) - Sierra Nevada Conservancy.

In 2004 two bills were introduced proposing to create a Sierra Nevada Conservancy to provide grants for the acquisition of land in the Sierra Nevada Region for recreation, conservation, and various other public objectives. AB 1788 was introduced by Assemblymember Leslie, a Republican from Tahoe City, and AB 2600 was introduced by Assemblymember Laird, a Democrat from Santa Cruz. Although the bills shared the same goals, they initially differed in important aspects, such as the makeup of the governing board, the extent of the conservancy's territory, and the conservancy's powers. Over the course of many months, the two authors worked diligently in the spirit of

bipartisan cooperation to develop a proposal that both supported. The joint proposal was amended into AB 2600, and Assemblymember Leslie accepted Assemblymember Laird's offer to become lead author.

(Status: Held in the Senate Natural Resources and Wildlife Committee)

AB 2186 (Leslie) - California Tahoe Conservancy.

Authorizes the California Tahoe Conservancy to make grants to local public agencies for up to two-thirds of the cost of relocating water or sewer infrastructure.

(Status: Chaptered by the Secretary of State – Chapter 265, Statutes of 2004)

AB 2600 (Leslie) - Sierra Nevada Conservancy.

In 2004 two bills were introduced proposing to create a Sierra Nevada Conservancy to provide grants for the acquisition of land in the Sierra Nevada Region for recreation, conservation, and various other public objectives. AB 1788 was introduced by Assemblymember Leslie, a Republican from Tahoe City, and AB 2600 was introduced by Assemblymember Laird, a Democrat from Santa Cruz. Although the bills shared the same goals, they initially differed in important aspects, such as the makeup of the governing board, the extent of the conservancy's territory, and the conservancy's powers. Over the course of many months, the two authors worked diligently in the spirit of bipartisan cooperation to develop a proposal that both supported. The joint proposal was amended into AB 2600, and Assemblymember Leslie accepted Assemblymember Laird's offer to become lead author.

(Status: Chaptered by the Secretary of State – Chapter 726, Statutes of 2004)

AJR 11 (Jackson) - Sierra Nevada Conservation Framework.

This joint resolution would have requested the President and the Congress of the United States to take necessary action to implement the Sierra Nevada Conservation Framework as originally adopted.

(Status: To the Assembly Inactive File on motion of the author)

SB 86 (Machado) - Sacramento-San Joaquin Delta Protection: resources management plan.

Creates the Sacramento-San Joaquin Delta Conservancy Program, under the administration of the State Coastal Conservancy, for restoring, enhancing, and protecting agricultural, economic, and natural resources of the Sacramento-San Joaquin Delta.

(Status: Vetoed by Governor, September 29, 2004)

SB 1259 (Murray) - Public resources: Baldwin Hills Conservancy: property acquisition appraisals.

Authorizes the Baldwin Hills Conservancy (Conservancy) to contract for appraisals of land proposed for acquisition by the Conservancy, revises the territory and governing board of the Conservancy, and makes conforming changes.

(Status: Vetoed by Governor, September 23, 2004)

SB 1567 (Sher) - San Francisco Bay Area Conservancy Program.

This bill provides explicit authority for the State Coastal Conservancy to enter into a joint powers agreement with another public agency in furtherance of the purposes of the San Francisco Bay Area Conservancy Program.

(Status: Vetoed by Governor, September 15, 2004)

SB 1568 (Sher) - San Francisco Bay Conservation and Development Commission.

Authorizes the San Francisco Bay Conservation and Development Commission (BCDC) to transfer fees and other revenue to the San Francisco Bay Area Conservancy Program Account, requires notice in certain property transactions that affected property is within BCDC jurisdiction, increases civil penalties for violating BCDC permits and orders, and expands the Attorney General's authority to seek injunctions.

(Status: Chaptered by Secretary of State - Chapter 618, Statutes of 2004)

~ ENERGY ~

AB 390 (Montanez) - Hospitals: backup generators.

Reduces the testing frequency for testing diesel backup generators of health facilities according to standards set by the Joint Commission on Accreditation of Healthcare Organizations.

(Status: Chaptered by Secretary of State - Chapter 676, Statutes of 2003)

AB 502 (Canciamilla) – Natural gas permit streamlining.

Provides that if an applicant for a natural gas exploration or production development project and a public agency agree in writing to expedite the permit process, the public agency may temporarily contract out services and charge fees to pay for the expedition of those services or functions necessary to meet the time limits and requirements under the Permit Streamlining Act

(Status: Chaptered by Secretary of State - Chapter 439, Statutes of 2004)

AB 653 (Nunez) - Energy efficiency: public buildings.

This bill extends the sunset date and eligibility requirements for bonding authority related to the State Public Works Board "Energy Conservation in Public Buildings" program.

(Status: Vetoed by Governor, September 29, 2004)

AB 1317 (Parra) - Environmental protection.

Removes the sunset on the existing Agricultural Biomass-to-Energy Incentive Grant Program and adds a new sunset date of January 1, 2009.

(Status: Held in the Senate Environmental Quality Committee.)

AB 1672 (Cogdill) - Renewable energy: biomass.

Would have authorized emission reduction credits for the diversion, to an alternative end use, of certain agricultural material from the annual inventory of burn acreage of an air pollution control district or an air quality management district.

(Status: Failed passage in the Assembly Natural Resources Committee)

AB 1685 (Leno) - Energy: self generation incentive program.

Extends the sunset on the existing Self Generation Incentive Program of the California Public Utilities Commission until January 1, 2008, and requires that, beginning on January 1, 2005, combustion operated distributed generation projects using fossil fuels meet specific oxides of nitrogen (NOx) emissions rate standards, and beginning on January 1, 2007, requires them to meet ultra clean and low emission standards in order to qualify for Self Generation Incentive Program rebates.

(Status: Chaptered by the Secretary of State - Chapter 894, Statutes of 2003)

AB 2304 (Richman) - Energy resources.

Deletes several obsolete provisions and consolidates reporting requirements of the California Energy Commission.

(Status: Chaptered by Secretary of State - Chapter 781, Statutes of 2004)

AB 2497 (Cox) - Energy: powerplant development: labor disputes.

Would have required the State Energy Resources Conservation and Development Commission to document the impact of labor disputes on power plant development.
(Status: Failed passage in the Assembly Natural Resources Committee)

AB 2643 (Canciamilla) - Energy: natural gas.

Requires the California Energy Commission to prepare, as a component of the 2005 Integrated Energy Policy Report, an assessment of the costs and benefits of siting liquefied natural gas facilities within the state.
(Status: Held in Senate Energy, Utilities and Communications)

AB 2685 (Oropeza) - Energy resources: Energy Independence Board.

As passed by this Committee, this bill would have required the Office of Planning and Research, upon request, to facilitate the project review process under the California Environmental Quality Act for renewable energy generation facilities. It was subsequently amended to require the Governor to launch a public education campaign about reducing demand for gasoline and diesel fuel.
(Status: Held under submission in Senate Appropriations Committee)

AB 2924 (Wiggins) - Energy: zero energy homes.

As passed by this Committee, this bill required the California Energy Commission (CEC) to report to the Legislature, not later than July 1, 2005, with recommendations for the establishment of a program to provide grants to fund all expenses for the purchase and installation of solar panels on publicly subsidized residential housing units. It was subsequently amended to increase the subsidy for photovoltaic systems on affordable housing projects by creating a revolving loan program to finance the unsubsidized cost of the photovoltaic system beginning in 2006 and ending January 1, 2010, to be funded out of the Renewable Resource Trust Fund.
(Status: Held in the Senate Energy, Utilities and Communications Committee)

AB 2967 (La Malfa) - Energy Commission: California power authority.

Would have repealed the statutory provisions creating the California Consumer Power and Conservation Financing Authority and abolished its funding mechanism, including transfer of its assets, liabilities, and surplus funds to the Energy Resources Programs Account.
(Status: Failed passage in Assembly Natural Resources Committee)

SB 67 (Bowen) - Energy: California Renewables Portfolio Standard Program.

This bill establishes an alternative credit test which permits the California Public Utilities Commission to require Renewable Portfolio Standard procurement when an investor-owned utility (IOU) is able to buy renewable resources on reasonable terms, those resources can be financed if necessary, and the procurement will not impair the restoration of the IOUs credit-worthiness.
(Status: Chaptered by Secretary of State - Chapter 731, Statutes of 2003)

SB 168 (Energy, Utilities and Communications Committee) - Renewable Resource Trust Fund.

This bill is the Senate Energy, Utilities and Communications Committee annual cleanup measure and contains a number of technical and non-substantive changes to the codes.

(Status: Chaptered by Secretary of State - Chapter 733, Statutes of 2003)

SB 183 (Sher) - Energy: renewable technologies.

This bill requires the California Energy Commission to, at least annually, publish the balance of funds available within the Emerging Renewable Resources Account for incentives to develop renewable energy technologies using distributed generation.

(Status: Chaptered by Secretary of State - Chapter 666, Statutes of 2003)

SB 429 (Torlakson) - Energy resources: petroleum infrastructure projects: permits: process.

This bill requires the Governor to appoint a statewide petroleum infrastructure facilitator to the State Energy Resources and Conservation Commission to investigate and intervene in rulemaking, permitting, and other proceedings by state agencies that affect petroleum infrastructure projects in the state and to suggest best practices and procedures for permit streamlining. The bill also requires the State Air Resources Board to undertake a number of permit streamlining measures and requires the California Energy Commission Commissioners to investigate permit streamlining activities relating to petroleum infrastructure facilities and report to the Governor and Legislature by December 31, 2005.

(Status: Held in Assembly Appropriations Committee Suspense File)

SB 1478 (Sher) - Renewable energy.

Proposed a number of significant changes to the state's Renewables Portfolio Standard Program and Renewable Energy Resources Program, including the major step of advancing the deadline for achieving a 20% renewable portfolio from 2017 to 2010. The bill also creates a renewable energy credit trading program (similar to the existing air quality credits trading program) to allow the sale of renewable attributes of renewable energy as a commodity, which will encourage and reward.

(Status: Vetoed by Governor, September 24, 2004)

SB 1565 (Bowen) - State Energy Resources Conservation and Development Commission: strategic plan.

This bill requires the California Energy Commission to adopt a strategic plan for investments in the state's electric transmission grid.

(Status: Chaptered by Secretary of State - Chapter 692, Statutes of 2004)

SB 1703 (Alarcon) - California certified green business program.

This bill, based on a highly successful Bay Area program, establishes a voluntary California Certified Green Business Program to certify businesses that engage in environmentally beneficial operations in California.

(Status: Vetoed by Governor, September 21, 2004)

SB 1776 (Bowen) - Electrical energy: thermal powerplants.

This bill requires the California Energy Commission to re-establish a process for expedited review (that sunset in 2004) for the certification of thermal powerplants or related facilities.

(Status: Chaptered by Secretary of State - Chapter 245, Statutes of 2004)

SB 1851 (Bowen) - State buildings and publicly funded schools: standards.

This bill required all new state public buildings, except publicly funded school buildings, to exceed the minimum building energy efficiency standards, provided that the measures were feasible and cost-effective.

(Status: Vetoed by Governor, September 16, 2004)

~ FORESTRY ~

AB 47 (Simitian) – Timber harvesting plans: regulations: information.

Requires the State Board of Forestry and Fire Protection to adopt regulations by January 1, 2005, requiring specified information on forest conditions adjoining watercourses in the area covered by a timber harvesting plan.

(Status: Chaptered by Secretary of State - Chapter 816, Statutes of 2003)

AB 344 (La Malfa) - Forest Practice Act: exemptions.

Would have authorized the State Board of Forestry and Fire Protection to exempt from the Z'berg-Nejedly Forest Practice Act of 1973 the cutting and removal of trees by forest thinning methods to reduce the threat of wildfire in five counties in north-central California if certain conditions are satisfied.

(Status: Failed passage in the Assembly Natural Resources Committee)

AB 561 (Lieber) - Timber harvest: conservation.

As it passed the Assembly, this bill would have required the State Board of Forestry and Fire Protection to adopt regulations by January 1, 2005, to define "variable retention" in an ecologically meaningful manner. In the form it was enacted, the bill relates to family planning programs.

(Status: Chaptered by Secretary of State - Chapter 643, Statutes of 2003)

AB 1588 (Negrete McLeod) – Rapid Disaster Response Act of 2004.

Enacts the "Rapid Disaster Response Act of 2004," which allows the Director of Forestry and Fire Protection to acquire, subject to approval of the Legislature, any type of helicopter or aircraft or aircraft equipment that is appropriate to use in response to terrorist acts, fires, floods, earthquakes and other disasters.

(Status: Vetoed by Governor, September 29, 2004)

AB 1924 (Bogh) - Fire prevention: penalties.

Increases the fines for illegal burning of trash by individuals and commercial facilities.

(Status: Chaptered by Secretary of State - Chapter 90, Statutes of 2004)

AB 2047 (Dutton) - Forest practices: brush and tree removal.

Would have authorized the California Department of Forestry and Fire Protection to help communities, in or near state responsibility areas, obtain federal funding that was available pursuant to Public Law 108-148, for fire prevention, or that was available pursuant to any other federal law that provided financial assistance in connection with wildland fires.

(Status: To the Assembly Inactive File on motion of the author)

AB 2381 (La Suer) - Forest resources: wildlife threat.

Would have allowed a person who owned property on state land to create a firebreak of 300 feet around any structures on his or her property.

(Status: Failed passage in Assembly Natural Resources Committee)

AB 2420 (La Malfa) - Forest resources.

Exempts the cutting and removal of trees to reduce the threat of wildfire from timber harvesting plan requirements if various requirements are met.

(Status: Chaptered by Secretary of State - Chapter 712, Statutes of 2004)

AB 2635 (Canciamilla) - Oak Woodlands Conservation Fund: report.

Requires the Wildlife Conservation Board to report to the Legislature and the Governor every two years concerning the activities and expenditures from the Oak Woodlands Conservation Fund.

(Status: Chaptered by Secretary of State - Chapter 241, Statutes of 2004)

AB 2762 (Keene) - Natural resources: forest practices.

This bill created the conservation timber management plan for medium timberland averages and the planning watershed timber harvesting plan for large timberland acreages, and excluded timber harvesting on certain very small parcels from the requirement to prepare a timber harvesting plan.

(Status: Failed passage in the Assembly Natural Resources Committee)

AB 2810 (Canciamilla) - Forest resources: penalties and fines: report.

Would have clarified that costs for civil actions to recover administrative costs for violations of the Z'berg-Nejedly Forest Practice Act of 1973 and the costs of imposing liens were to be included in an annual report to the State Board of Forestry and Fire Protection.

(Status: Vetoed by Governor, September 22, 2004)

AB 2911 (Bogh) - Department of Forestry and Fire Protection.

Would have changed the name of the Department of Forestry and Fire Protection to the California Department of Fire and Forestry and allowed the California Department of Fire and Forestry to be referred to as "CAL-FIRE" and prohibited existing supplies, forms, insignias, signs or logos from being destroyed or changed until they are exhausted or unserviceable.

(Status: Held in the Natural Resources Committee upon referral pursuant to Assembly Rule 77.2)

ACR 178 (Mountjoy) - Compressed Air Foam System (CAFS).

This resolution calls upon all California city and county fire departments to make themselves aware of Compressed Air Foam Systems, gels, and other new fire-fighting technologies that may be used to fight fires and provide benefits in the cities and counties served by those fire departments, and to keep abreast of any new technologies that may be developed in the future.

(Status: Chaptered by Secretary of State - Resolution Chapter 109, Statutes of 2004)

SB 217 (Sher) - Forest resources.

This bill would have specified particular timber harvesting methods to be used in ancient forests to produce habitat characteristics essential to wildlife species associated with ancient forests.

(Status: Failed passage in Assembly Third Reading)

SB 557 (Kuehl) -Forest practices: timber products user fee.

This bill imposed an excise tax of one cent for each board foot, or board foot equivalent, of timber products, or composite products, to be used for the administration and review of timber harvesting plans.

(Status: Held in Assembly Appropriations Committee)

SB 754 (Perata) - Heritage trees.

Enacts the Heritage Tree Preservation Act, a comprehensive regulatory program within the Z'berg-Nejedly Forest Practice Act, to protect heritage trees on private and state-owned lands.

(Status: Died on the Assembly Inactive File)

SB 810 (Burton) - Natural resources: timber harvesting.

Provides for the certification of state forest practices as a best management practice under federal water quality laws, thereby exempting timber operations from waste discharge permit requirements, and prohibits the approval of a timber harvesting plan if a regional water quality control board finds the proposed timber operations will result in specified discharges.

(Status: Chaptered by Secretary of State - Chapter 900, Statutes of 2003)

SB 1278 (Natural Resources and Wildlife Committee) - Natural resources: forestry and fire protection.

This bill deletes various forestry and fire protection report requirements that have been completed.

(Status: Chaptered by Secretary of State - Chapter 153, Statutes of 2004)

SB 1334 (Kuehl) - Oak woodlands conservation: environmental quality.

This bill requires counties with oak woodlands to consider certain oak conservation mitigation alternatives for oak woodlands that are proposed to be converted.

(Status: Chaptered by Secretary of State - Chapter 732, Statutes of 2004)

SB 1346 (Ducheny) - Natural resources: fire prevention and suppression.

This bill required the California Department of Forestry and Fire Protection to staff at least four people on all department fire engines in a phased deployment throughout the state. It was held in Appropriations; however, it was re-introduced in SB 1611

(Ducheny).

(Status: Died in Assembly Appropriations Suspense File)

SB 1369 (Kuehl) - Fire protection.

This bill requires a person who owns property within either state fire prevention and suppression responsibility areas, or local responsibility areas where the homes are in very high fire hazard severity zones, to create a firebreak of 100 feet around any structures on his or her property and to provide proof of building certification to his or her insurance carrier.

(Status: Chaptered by Secretary of State - Chapter 720, Statutes of 2004)

SB 1526 (Hollingsworth) - Department of Forestry and Fire Protection: pilots: certification.

This bill requires the Department of Forestry and Fire Protection (CDF) to work with the Office of Emergency Services (OES), to develop a program to certify active duty military pilots so that they may be engaged in state fire-fighting operations.

(Status: Chaptered by Secretary of State - Chapter 723, Statutes of 2004)

SB 1611 (Ducheny) - Fire prevention.

This bill requires California Department of Forestry and Fire Protection (CDF) to staff at least four people on all department fire engines, in a phased deployment, and requires CDF to prepare a biennial California fire prevention plan.

(Status: Vetoed by Governor, September 29, 2004)

SB 1648 (Chesbro) - Forest resources.

This bill defined management of the state's forests so as to shift the purpose of managing the forests from maximum sustainable timber production to a broad range of study, maintenance, restoration, education, recreation, and public enjoyment.

(Status: Vetoed by Governor, September 16, 2004)

SB 1908 (Sher) - Forestry and fire protection.

This bill added to an existing exemption in the Forest Practices Act for the removal of trees within 150 feet of habitable structures situated in very high fire hazard severity zones that were the responsibility of local fire agencies.

(Status: Held at the Assembly Desk)

SJR 5 (Sher) - Giant Sequoia National Monument.

Memorializes the President and Congress to take necessary action to protect the Giant Sequoia National Monument by prohibiting the removal of large trees in all parts of the monument and encouraging environmentally appropriate management activities, including removal of small trees and brush, that reduce the risk of catastrophic fire, protect rural communities, and restore the giant sequoia ecosystem.

(Status: Chaptered by Secretary of State- Resolution Chapter 114, Statutes of 2003)

~ HARBORS AND PORTS ~

AB 605 (Yee) - San Francisco waterfront: cruise ship terminal development.

This bill makes technical and nonsubstantive changes to cruise ship terminal development laws developed pursuant to AB 1389 (Shelley), Chapter 489, Statutes of 2001.

(Status: Chaptered by the Secretary of State - Chapter 68, Statutes of 2003)

AB 2043 (Lowenthal) - Maritime Port Strategic Master Plan Task Force.

This bill requires an existing maritime agency to compile data on issues relating to the growth and congestion of maritime ports.

(Status: Chaptered by Secretary of State - Chapter 942, Statutes of 2004)

AB 2388 (Lowenthal) - Harbors: harbor safety committees: membership.

Would have added one seat to the Harbor Safety Committee for the Port of Los Angeles, designated for the recognized employee organization that represents the non-management navigation pilots in the Port of Los Angeles.

(Status: Vetoed by the Governor, September 29, 2004)

SB 1480 (Sher) - Harbors and navigation: tugboat escorts.

This bill allowed the administrator of the Office of Oil Spill Prevention and Response to adopt regulations governing tugboat escorts for other vessels carrying hazardous materials that operate within California harbors.

(Status: Vetoed by Governor, September 16, 2004)

~ MINING AND GEOLOGY ~

AB 1984 (Wolk) - Surface mining.

This bill extends the effective date of the Cache Creek Resources Management Plan until December 31, 2008 which has been used as a functional equivalent of a reclamation plan in Yolo County for surface mining.

(Status: Chaptered by Secretary of State - Chapter 173, Statutes of 2004)

SB 22 (Sher) – Surface mining and reclamation.

This technical clean up bill removes language binding the enactment of SB 483 (Sher), Chapter 1154, Statutes of 2002, to the enactment of SB 1828 (Sher, vetoed 2002) and declares that the provisions of SB 483, which deals with the surface mining of precious metals take effect immediately.

(Status: Chaptered by Secretary of State - Chapter 3, Statutes of 2003)

SB 218 (Sher) - Surface mining and reclamation.

This bill requires the Department of Conservation to make available, to local agencies upon request, a list of operations that comply with the Surface Mining and Reclamation Act so that the local agency can determine whether or not it can purchase mined material from that operator.

(Status: Chaptered by Secretary of State - Chapter 142, Statutes of 2004)

SB 649 (Kuehl) - Mining.

This bill prohibits operators of surface mines who are not in compliance with the Surface Mining and Reclamation Act from selling materials to local agencies. The bill also increases the annual reporting fees on mine operators and creates a new fee for precious metals for the remediation of abandoned mines.

(Status: Chaptered by Secretary of State - Chapter 794, Statutes of 2003)

~ MISCELLANEOUS ~

AB 13 (Harman) – Department of Transportation: transfer of property.

Authorizes the Department of Transportation to transfer environmental mitigation property in Huntington Beach to a local public agency or non-profit corporation for open space or land conservation purposes, under specified terms and conditions.

(Status: Chaptered by the Secretary of State – Chapter 503, Statutes of 2003)

AB 454 (Yee) - San Francisco port security.

As passed by the Assembly Natural Resources Committee, this bill would have required the Port of San Francisco and other appropriate public or private transportation or maritime organizations to conduct a port security analysis to identify security concerns and list the areas where additional security is needed. This bill was subsequently amended to prohibit smoking on any state owned beach.

(Status: Held in Senate Natural Resources and Wildlife Committee)

AB 974 (Nation) – Education: standard tests.

As passed by the Natural Resources Committee, this bill would have repealed the existing mitigation provisions to protect archaeological or paleontological resources in the coastal zone and instead provide that those sites shall be protected against substantial disruption. As subsequently amended, the bill related to California standards tests and instructional materials.

(Status: Held in the Assembly Appropriations Committee upon referral pursuant to Assembly Rule 77.2)

AB 1168 (Berg) - Wild and scenic rivers: Albion and Gualala Rivers.

Adds described segments of the lower reaches of the Albion River and the Gualala River to the California Wild and Scenic River System and classifies those segments as recreational.

(Status: Chaptered by the Secretary of State - Chapter 117, Statutes of 2003)

AB 1233 (Shirley Horton) - Highway capacity enhancement demonstration projects: coordinated environmental review process.

Would have required the Department of Transportation to identify, and the California Transportation Commission to select, three State Transportation Improvement Program projects that increase highway capacity and demonstrate the effectiveness of a coordinated environmental review and permit process proposed by the bill.

(Status: Returned to the Chief Clerk pursuant to Joint Rule 56.)

AB 1468 (Pavley) – Petroleum demand.

As passed by the Assembly Natural Resources Committee, this bill would have required negative air machines, which are used in asbestos abatement projects, to be tested for leaks prior to use on any asbestos removal site of more than 100 square feet of asbestos. The bill was subsequently amended to substitute Assemblymember Kehoe as author and substitute provisions relating to reducing demand for petroleum.

(Status: *Failed passage on the Senate floor*)

AB 1770 (Water, Parks and Wildlife Committee) - Fish and Game Code

Amends, repeals, and clarifies sections of the Fish and Game Code that require updating.

(Status: *Chaptered by the Secretary of State - Chapter 610, Statutes of 2003*)

AB 2476 (Wolk) - Sacramento-San Joaquin Delta.

Would have expanded the duties of the Delta Protection Commission regarding the protection of agricultural, environmental, recreational, and historical resources in the Sacramento-San Joaquin Delta.

(Status: *Vetoed by Governor, September 29, 2004*)

AB 2673 (Simitian) - Natural resources: grant of federal lands.

Would have created a procedure for the review by the Resources Agency of a proposed transfer of a property interest in federal land to a city or county.

(Status: *Vetoed by the Governor, September 15, 2004*)

AB 2701 (Runner) - Environmental protection: reports.

Establishes a process for converting reports and other documents that the California Environmental Protection Agency and other state departments and boards are required to develop and disseminate from paper to electronic means and compact discs, and repeals various outdated reporting requirements and rulemaking procedures.

(Status: *Chaptered by Secretary of State - Chapter 644, Statutes of 2004*)

AB 2830 (McCarthy) - Natural resources: oil and gas.

Allows the Department of Conservation (DOC) to find an oil or gas well that has been idle for 25 years and does not meet specific requirements conclusive evidence of desertion and extends the sunsets on the DOC's authority to expend funds to plug and abandon orphan wells in California.

(Status: *Chaptered by Secretary of State - Chapter 433, Statutes of 2004*)

AB 3034 (Yee) - Environmental quality: biotechnology industry.

Would have required the Office of Planning and Research to analyze state and federal standards or regulations for the construction of biotechnology manufacturing plants and identify where the state and federal standards or regulations are identical.

(Status: *Vetoed by the Governor, September 29, 2004*)

ACR 245 (Kehoe) - Shell Oil Company refinery at Bakersfield.

This concurrent resolution urges Shell Oil Products US to announce publicly its assurance to keep its Bakersfield refinery operational until at least December 31, 2004, to

allow a consulting engineering firm to conduct a good faith effort to locate a buyer to operate the refinery in the future.

(Status: Held in the Senate Energy, Utilities and Commerce Committee)

SB 694 (Natural Resources and Wildlife Committee) - Public resources.

This bill is the Senate Committee on Natural Resources and Wildlife's omnibus code maintenance bill, which is intended to delete obsolete statutes and make non-controversial, minor changes to statutes.

(Status: Chaptered by Secretary of State - Chapter 224, Statutes of 2004)

SB 856 (Governmental Organization Committee) - State property.

Authorizes the sale or other disposition of certain state property determined to be surplus.

(Status: Chaptered by Secretary of State - Chapter 258, Statutes of 2003)

SB 904 (Chesbro) - Wild and scenic rivers.

Amends the California Wild and Scenic Rivers Act (Act)(commencing with Section 5093.50 of the Public Resources Code) to require state agencies to protect the river's values that prompted protection under the Act and change the definition of "special treatment areas" to include rivers designated as recreational rivers.

(Status: Chaptered by Secretary of State - Chapter 545, Statutes of 2004)

SB 1482 (Sher) - Wild and scenic rivers: special treatment areas.

This bill amends the California Wild and Scenic Rivers Act, conforming civil penalties for forest practice violations in special treatment areas with those that may be assessed elsewhere in the state.

(Status: Chaptered by Secretary of State - Chapter 722, Statutes of 2004)

SB 1886 (Environmental Quality Committee) - Wildlife management areas: mosquito abatement.

This bill originally made technical changes to solid waste reporting requirements for local agencies, including striking the term "incorporated" in references to cities when used incorrectly. This bill was subsequently amended to appropriate \$750,000 from the General Fund to the Department of Fish and Game (Department) to carry out AB 1982 (Wolk), which require the Department to coordinate with local mosquito abatement districts to reduce mosquito populations and maintain wildlife habitat values in specified wildlife areas in the northern portion of the Central Valley, which will remain in effect until January 1, 2010.

(Status: Died in Assembly Third Reading)

SJR 30 (Torlakson) - Federal Environmental Review.

This resolution urges the President, Congress, the federal Secretary of Transportation and the federal Department of Transportation to streamline the federal environmental review and permitting process.

(Status: Chaptered by Secretary of State - Resolution Chapter 169, Statutes of 2004)

~ OIL SPILL PREVENTION ~

AB 16 (Jackson) – Oil and gas development: pipelines.

Requires oil and gas produced off shore of California from new extraction operations, defined as oil from any structure built or expanded after January 1, 2003, to be transported by pipeline. Allows overland truck and rail shipment if the oil is too viscous to allow transport through a pipeline and allows for any method of transport if a state of emergency is declared.

(Status: Chaptered by the Secretary of State - Chapter 420, Statutes of 2003)

AB 1408 (Wolk) – Oil discharge.

Requires a party responsible for the discharge, or threatened discharge, of oil in marine waters to immediately report the discharge to the Office of Emergency Services and requires this report to include an assessment of the condition of each pipeline.

(Status: Chaptered by the Secretary of State – Chapter 563, Statutes of 2004)

AB 2777 (Lieber) - Oil spill prevention and response: regulations: tugboat escorts: hazardous materials.

Would have required the oil spill response administrator to adopt regulations governing tugboat escorts for other vessels carrying hazardous materials that operate within California harbors.

(Status: Held in the Senate Natural Resources and Wildlife Committee)

SB 1742 (McPherson) - Oil spills.

This bill creates the Environmental Enhancement Grant Program under the Office of Oil Spill Response and Prevention (OSPR), expands the programmatic and geographic jurisdictions of harbor safety committees, authorizes OSPR to operate in the ship channels to the Ports of Sacramento and Stockton, deletes obsolete provisions, and cleans up and clarifies various other provisions of the state's oil spill prevention and response laws.

(Status: Chaptered by Secretary of State - Chapter 796, Statutes of 2004)

~ OPEN SPACE ~

AB 2055 (Wolk) - Open-space element.

Would have renamed the open space element of a general plan as the agricultural and open space element, and would have amended the Planning and Zoning Law to encourage the preservation of agricultural land and production and the protection and sustainable use of open space resources.

(Status: Vetoed by Governor, September 29, 2004)

~ SOLID WASTE ~

AB 28 (Jackson) – Beverage container recycling.

Makes numerous changes to strengthen the effectiveness of the California Beverage Container Recycling and Litter Reduction Act, including increasing the redemption value to 5 cents, increasing funding of market development programs for recycled plastics, decreasing the amount of money paid by beverage manufacturers, and authorizing a pilot program of potentially more cost-effective recycling programs for consumers.

(Status: Chaptered by the Secretary of State - Chapter 753, Statutes of 2003)

AB 240 (Reyes) - Solid waste facilities: regulations.

Would have prohibited the California Integrated Waste Management Board from adopting any regulation that exempts a construction and demolition processing facility from a full solid waste facility permit based on the number of tons of solid waste per day accepted by the facility. Also would have provided that an owner or operator of a construction or demolition processing facility could be held liable for taking corrective action if the owner or operator is found in violation of the facility's permit or a catastrophic emergency has directly resulted from the operations of the facility.

(Status: Returned to the Chief Clerk pursuant to Joint Rule 56)

AB 260 (Jackson) - State highways: litter control.

Requires the Department of Transportation to assign a high priority to litter cleanup along state highways in environmentally sensitive areas, particularly where litter could pollute waterways and the ocean.

(Status: Chaptered by the Secretary of State - Chapter 489, Statutes of 2003)

AB 586 (Koretz) - Litter and marine debris: tobacco-related waste.

Would have required a \$0.02 fee on all disposable bags and disposable cups that contain less than 40% postconsumer recycled content and would have created a grant program for the cleanup and recycling of litter and marine debris. Also would have prohibited ashtrays for use on premises where smoking is prohibited by law unless the ashtray is provided in an area where smoking is not prohibited.

(Status: Held in the Assembly Natural Resources Committee)

AB 844 (Nation) - Fuel efficiency: replacement tires.

This bill requires the State Energy Resources Conservation and Development Commission in coordination with the California Integrated Waste Management Board, to develop a statewide replacement tire efficiency program to promote the use of fuel efficient tires.

(Status: Chaptered by Secretary of State - Chapter 645, Statutes of 2003)

AB 901 (Jackson) - Integrated waste management fund.

As passed by the Natural Resources Committee, this bill would have made a technical change to the existing funding of the California Integrated Waste Management Board. It subsequently was amended to improve administration by extending the fee collection

start date for the Board's electronic waste program from July 1, 2004, to November 1, 2004.

(Status: Chaptered by the Secretary of State - Chapter 84, Statutes of 2004)

AB 1247 (Aghazarian) - Hazardous waste facilities.

Provides the Department of Toxic Substances Control with more options to enforce postclosure plans at hazardous waste facilities.

(Status: Chaptered by the Secretary of State - Chapter 286, Statutes of 2003)

AB 1466 (Koretz) - "Don't Trash California" Unified Prevention Program.

Would have authorized state agencies to adopt "Don't Trash California" (and the equivalent Spanish phrase) as the state unified litter prevention and recycling message and would have moved code sections relating to litter receptacles from the Government Code to the Public Resources Code.

(Status: Vetoed by Governor, August 27, 2004)

AB 1497 (Montanez) - Solid waste facilities: permits.

Requires lead enforcement agencies consider, when determining whether to require an environmental impact report (EIR) for the change in the design or operation of a solid waste facility, the effects of any cumulative change with respect to the environment and environmental justice if a solid waste facility has not completed an EIR within three years of the date of the proposed change in the design or operation of the solid waste facility. Also mandates that the California Integrated Waste Management Board look at whether lead enforcement agencies treat solid waste facilities in their jurisdiction fairly and provides re-employment and retraining provisions for employees of a closed landfill.

(Status: Chaptered by Secretary of State - Chapter 823, Statutes of 2003)

AB 1599 (Harman) - California Beverage Containers Recycling and Litter Reduction Act.

Requires the Department of Conservation to establish a pilot program using "reverse vending machines" to determine whether they increase recycling rates and provide greater convenience and ease for use by consumers over traditional recycling programs used in California.

(Status: Held at Assembly desk)

AB 1873 (Hancock) - Solid waste: recycling market development.

This bill extends the sunset date on the Recycling Market Development Zone Program within the California Integrated Waste Management Board five years to July 1, 2011.

(Status: Chaptered by Secretary of State - Chapter 500, Statutes of 2004)

AB 2159 (Reyes) - Solid waste facilities: orders.

This bill makes technical changes to the existing appeal process for solid waste facility enforcement actions by the California Integrated Waste Management Board and its Enforcement Agencies.

(Status: Chaptered by Secretary of State - Chapter 448, Statutes of 2004))

AB 2166 (Hancock) - Recycling: compact discs and digital versatile discs.

Prohibits the distribution of compact discs (CDs) and digital versatile discs (DVDs), including disposable CDs and DVDs, from being mass mailed to households unless they are accompanied by a postage paid return mailing envelope or other cost-free mechanism for the recipient to return the CD or DVD.

(Status: Failed passage in Assembly Arts, Entertainment, Sports, Tourism and Internet Media Committee)

AB 2176 (Montanez) - Large venue and event recycling programs.

Requires the California Integrated Waste Management Board to provide model ordinances, collect and evaluate data from local governments regarding large venue and large events, and provide recommendations to the Legislature to assist with higher levels of waste diversion for large events and large venues in California.

(Status: Chaptered by Secretary of State, Chapter 879, Statutes of 2004)

AB 2251 (Lowenthal) - Hazardous waste facilities permits: financial assurances.

As passed by the Natural Resources Committee, this bill would have allowed a mitigated negative declaration to be used in lieu of a supplemental environmental impact report (EIR) for a supplemental project included in a master EIR in certain instances where there are changed circumstances or new information. As amended in the Senate, it changes the permit process and operational requirements for hazardous waste facilities.

(Status: Chaptered by the Secretary of State – Chapter 779, Statutes of 2004)

AB 2657 (Nunez) - Solid waste: reduction: small business.

As passed by the Natural Resources Committee, this bill would have required the California Integrated Waste Management Board, until January 1, 2011, to conduct a grant and loan program for small businesses that reduce the amount of solid waste generated by a business or lessen the hazardous properties of that solid waste. It was subsequently amended to require the California Environmental Protection Agency to establish and coordinate an Interagency Metal Plating Task Force to conduct activities related to the regulation of the metal plating industry.

(Status: Vetoed by Governor, September 28, 2004)

AB 2901 (Pavley) - Hazardous waste: cellular telephones: recycling.

Enacts the Cell Phone Recycling Act of 2004 and requires all retailers of cell phones to have in place a system for the collection, reuse and recycling of cell phones. Also requires the Department of Toxic Substances Control to provide information on cell phone recycling and to adopt regulations to prohibit a cell phone from being sold in California if the cell phone is prohibited from sale in the European Union.

(Status: Held in the Senate Environmental Quality Committee)

SB 20 (Sher) - Solid waste: hazardous electronic waste recovery, recycling.

Enacts the Electronic Waste Recycling Act of 2003 to provide for the convenient recycling of electronic devices in California. The devices covered by the measure include cathode ray tubes, cathode ray tube devices, flat panel screens, or other video

display devices with a screen size that is greater than four inches in size measured diagonally and which, when discarded or disposed, would be a hazardous waste under regulations set by Department of Toxic Substances Control. On and after July 1, 2004, the bill imposes an electronic waste recycling fee between \$6 and \$10 (depending on the size of the electronic device) upon the purchase of an electronic device from a retailer.
(Status: Chaptered by Secretary of State - Chapter 526, Statutes of 2003)

SB 23 (Sher) – Beverage containers.

As passed by this committee, this bill made a number of changes to the California Beverage Container Recycling and Litter Reduction Act (commonly referred to as the "Bottle Bill") including increasing the California Redemption Value (CRV), creating a quality incentive payment for mixed-cullet glass, basing processing fee offsets on recycling rates, paying recyclers a one-time supplemental payment, requiring commingled rates for plastic and glass, creating a grant program for market development of recycled containers, and authorizing a loan to the General Fund from the Beverage Container Recycling Fund. The bill was subsequently amended to reappropriate funds related to the administration of grants at the Office of Emergency Services.

(Status: Chaptered by Secretary of State - Chapter 44, Statutes of 2004)

SB 50 (Sher) – Solid waste: hazardous electronic waste.

Resolves problems with the e-waste program identified after the enactment of SB 20 (Chapter 536, Statutes of 2003), including providing manufacturers with greater certainty as to which products will be covered under the e-waste program; moving the start date for the collection of the e-waste fee from November 1, 2004, to January 1, 2005; and providing loan funds to pay the State Board of Equalization and provide program start-up funds for the California Integrated Waste Management Board.

(Status: Chaptered by Secretary of State - Chapter 863, Statutes of 2004)

SB 607 (Aanestad) - Beverage container: recycling.

This bill revises the definition for "convenience zone" (CZ) in rural areas and allows local agencies to request the Department of Conservation (DOC) to establish a new CZ to better facilitate recycling in rural parts of California.

(Status: Chaptered by Secretary of State - Chapter 478, Statutes of 2003)

SB 645 (Sher) - Plastic trash bags.

This bill requires the California Integrated Waste Management Board to post on its Web site a list of suppliers, manufacturers or wholesalers who fail to comply with plastic trash bag requirements, allowing state agencies to be better aware of companies who fail to meet state standards for incorporating recycled material into products.

(Status: Vetoed by Governor, September 15, 2004)

SB 646 (Sher) - Solid waste report.

This bill extends the funding Keep California Beautiful receives from the Beverage Container Recycling Fund until 2010 and requires a city, county, or regional agency, by August 1, 2004, to include in its annual report to the California Integrated Waste Management Board summarizing progress in reducing solid waste, a statement as to

whether the entity adopted an ordinance or the model ordinance is in effect, and to include a copy of the ordinance.

(Status: Vetoed by Governor, September 15, 2004)

SB 1074 (Environmental Quality Committee) - Solid waste: reservoirs.

This bill, the Senate Environmental Quality Committee's annual omnibus measure, makes technical and non-controversial changes to statutes relating to the Modesto Reservoir, the Integrated Waste Management Account and the California Environmental Quality Act.

(Status: Chaptered by Secretary of State - Chapter 742, Statutes of 2003)

SB 1078 (Chesbro) - Disposal fees: solid waste collection vehicles: emissions.

This bill was re-referred to Transportation Committee.

(Status: Held in the Assembly Transportation Committee)

SB 1362 (Figueroa) - Solid waste: household hypodermic needles, syringes, and lancets: disposal).

This bill allows a household hazardous waste collection facility to accept sharps waste generated by households if certain conditions are met. The bill also allows a city or county household hazardous waste element to collect, treat, and dispose of household sharps.

(Status: Chaptered by Secretary of State - Chapter 157, Statutes of 2004)

SB 1729 (Chesbro) - Plastic containers: recycling.

This bill deletes the existing recycling rate calculations and makes clarifying changes to the Rigid Plastic Packaging Container law.

(Status: Chaptered by Secretary of State - Chapter 561, Statutes of 2004)

SB 1749 (Karnette) - Composting.

This bill prohibits the sale of plastic bags within the state which are labeled "compostable" or "degradable" or "biodegradable" unless the bags conform to standards set by the American Society for Testing and Materials (ASTM).

(Status: Chaptered by Secretary of State - Chapter 619, Statutes of 2004)

SB 1884 (Environmental Quality Committee) - Solid waste: definitions: diversion: penalties.

This bill corrects a misspelling in the definition of "compost" and repeals an obsolete uncoded provision of the California Integrated Waste Management Act of 1987 enacted by SB 452 (Committee on Budget and Fiscal Review) Chapter 60, Statutes of 1993.

(Status: Held at Assembly Desk)

SB 1890 (Environmental Quality Committee) - Integrated Waste Management Board: reporting requirement.

This bill requires the California Integrated Waste Management Board (CIWMB) to report to the Legislature, by December 1, 2005, on any duplication or overlap of programs

administered and funded by the CIWMB, the Department of Conservation , and the Department of Toxic Substances Control.

(Status: Held under submission in Assembly Appropriations Suspense File)

SB 1906 (Sher) - California Integrated Waste Mangement Board: advisors.

As passed by this committee, this bill prohibited California Integrated Waste Management Board Member advisors from collecting per diem and allowed each Board Member to have only one executive assistant. The bill was subsequently amended to authorize the Santa Clara Unified School District, under specified conditions, to deposit proceeds from the sale of surplus real property, located thereon for deposit into the general fund of the school district or county office of education and to use the proceeds for any one-time general fund purpose.

(Status: Chaptered by Secretary of State - Chapter 838, Statutes of 2004)

~ STATE LANDS AND TIDELANDS ~

SB 296 (Chesbro) - Public trust lands: Kaiser Steel development area.

Authorizes the State Lands Commission to convey specific property to the City of Vallejo, receiving other land in exchange, for purposes of establishing clear title to the specific property, which would allow for its continued use according to local development planning.

(Status: Chaptered by Secretary of State - Chapter 299, Statutes of 2003)

SB 666 (Bowen) - Ballona Wetlands.

Provides statutory authority to transfer 62 acres for wetland preservation in the Ballona Wetlands fronting on Santa Monica Bay, north of the Los Angeles International Airport. This transaction is coordinated with the pending acquisition and conveyance of an additional 483 acres, which the State will obtain partly by purchase and partly by donation. The various, related land transactions result in the State obtaining title to a total of 545 acres.

(Status: Chaptered by Secretary of State - Chapter 739, Statutes of 2003)

SB 1264 (Natural Resources and Wildlife Committee) - Natural resources.

This bill authorizes the Department of Parks and Recreation to administer state park projects, repeals obsolete provisions, and makes technical and clarifying changes to provisions of the Public Resources Code and Harbors and Navigation Code.

(Status: Chaptered by Secretary of State - Chapter 286, Statutes of 2004)

SB 1435 (Perata) - Oakland Army Base Public Trust Exchange Account.

This bill grants the state's sovereign interest in certain trust lands within the former Oakland Army Base (OAB), and in other lands comprising the OAB redevelopment property, to the Oakland Base Reuse Authority, and frees other lands from the public trust for private development.

(Status: Vetoed by Governor, September 29, 2004)

SB 1481 (Chesbro) - Tidelands: City of Vallejo.

This bill consolidates in a single statute numerous prior grants of state trust lands, including portions of the former Mare Island Naval Shipyard, to the City of Vallejo.

(Status: Chaptered by Secretary of State - Chapter 588, Statutes of 2004)

SB 1622 (Perata) - Oak Street to 9th Avenue District Exchange Act.

This bill authorizes the State Lands Commission to free portions of the public trust lands managed by the Port of Oakland (Port) from the public trust and to allow those lands and portions of other lands owned by the Port, but no longer needed for Port purposes, to be sold for private development and, in exchange, to make other lands subject to the public trust.

(Status: Chaptered by Secretary of State - Chapter 542, Statutes of 2004)

SB 1752 (Battin) - State property: surplus.

This bill authorizes the sale or other disposition of certain state property determined to be surplus.

(Status: Chaptered by Secretary of State - Chapter 925, Statutes of 2004)

SB 1820 (Machado) - Land conservation contracts.

Creates a procedure for formally reviewing the county assessor's determination of the current unrestricted fair market value (FMV), and thereby affecting the calculation of the amount of the cancellation fee, of land subject to a Williamson Act contract that is proposed for cancellation.

(Status: Chaptered by Secretary of State - Chapter 794, Statutes of 2004)

SB 1873 (Burton) - Treasure Island Public Trust Exchange Act.

Authorizes the State Lands Commission, as part of a redevelopment program, to free portions of the interior of Treasure Island from the public trust and allow them to be sold to private parties, confirms the public trust on the remainder of Treasure Island, and imposes the public trust on portions of the northern half of Yerba Buena Island.

(Status: Chaptered by Secretary of State - Chapter 543, Statutes of 2004)

~ WATER QUALITY ~

AB 866 (Pavley) - Water quality.

Provides that water conservation, water use efficiency, and water supply reliability projects and an enforceable waste discharge program are eligible for grants from the State Water Resource Control Board (SWRCB), under the Integrated Watershed Management Program and clarifies that money designated for the Santa Monica Bay Restoration Plan in Proposition 50 are available to the Santa Monica Bay Restoration Commission.

Requires SWRCB to fund the development of one or more integrated coastal watershed management plans designed to provide for the integration of project funding within one or more coastal regions.

(Status: Chaptered by Secretary of State - Chapter 493, Statutes of 2003)

AB 1300 (Laird) - Water Security, Clean Drinking Water, Coastal and Beach Protection Act of 2002: expenditures: annual report.

Would have stated Legislative preference for financing projects with general obligation bonds authorized by the Water Security, Clean Drinking Water, Coastal and Beach Protection Act of 2002 (Proposition 50) that are meritorious and cost-effective and have been accorded high priority by public officials and required that Proposition 50 funds that are not allocated to specific geographic areas of the state be allocated with the goal of achieving geographic equity.

(Status: Held in the Senate Agriculture and Water Resources Committee)

AB 2529 (Kehoe) - California Ocean Plan.

Authorizes grants, from subsequently appropriated funds, for capital projects to restore and protect the water quality and environment of protected marine areas pursuant to the Marine Managed Areas Program.

(Status: Chaptered by Secretary of State – Chapter 714, Statutes of 2004)

~ WATERSHED PROTECTION ~

AB 1405 (Wolk) - California Watershed Protection and Restoration Act.

Enacts the California Watershed Protection and Restoration Act, which establishes criteria by which the state recognizes watershed restoration efforts undertaken voluntarily by local watershed partnerships.

(Status: Chaptered by the Secretary of State - Chapter 693, Statutes of 2003)
